### About The McMaster Meducator

The McMaster Meducator is an undergraduate medical journal that publishes articles on current topics in health research and medical ethics. We aim to provide an opportunity for undergraduate students to publish their work and share information with their peers. Our protocol strives to maintain the highest standard of academic integrity by having each article edited by a postgraduate in the relevant field. We invite you to offer us your feedback by visiting our website: [www.meducator.org](http://www.meducator.org).
