ABOUT US: Established in April 2002 with the support of the Bachelor of Health Sciences (Honours) Program (B.H.Sc.), *The Meducator* is McMaster University's undergraduate health sciences publication. Through biyearly publications, a web page, and Facebook, we aim to provide an opportunity for undergraduate students to publish their work and share information with their peers. Our protocol strives to maintain the highest standard of academic integrity by having each article edited by a postgraduate in the relevant field. We invite you to offer us your feedback by writing to our email: the.meducator@learnlink.mcmaster.ca
