ABOUT US: Established in April 2002 with the support of the Bachelor of Health Sciences (Honours) Program (BHSc), The Meducator is McMaster University's undergraduate health sciences publication. Through biyearly publications, a web page, and social media, we aim to provide a platform for undergraduate students to publish their work and share information with their peers. Our protocol strives to maintain a high standard of academic integrity by having each article edited by a postgraduate in the relevant field. We invite you to offer us your feedback by writing to our email: the.meducator@learnlink.mcmaster.ca
