## About Us

The McMaster Undergraduate Journal of Social Psychology is a student-run organization that was founded in 2019 by Namyia Tandon, a fourth-year undergraduate student in the Honours Social Psychology program at the time. Dr. Sarah Clancy serves as the faculty supervisor for the journal. She supervises the capstone research projects that Social Psychology students complete during their final year of the program. The MUJSP aims to recognize the academic excellence of final year Social Psychology students by providing them with the opportunity to have their own work published in a journal.

## Copyright Notice

Students are required to obtain legal permission to submit anything that is not their own work, including but not limited to graphics, images, tables. The faculty advisor, Honours Social Psychology Program faculty and staff, editorial board and McMaster Undergraduate Journal of Social Psychology bear no responsibility for obtaining copyright or infringement of said copyright. Authors (all group members) will maintain the copyright to their paper – it will not be given to the journal
